### Student and Parent Information

We offer a sincere welcome to the Somerset School District's "SUMMER SCHOOL 2017". To make your summer a productive educational experience, you may look to "Summer School" to provide literally hundreds of options for your enrichment, enjoyment, recreation and improvement. As you look through the "Summer School 2017" Booklet, you will find that there is truly something for everyone.

### Registration

**Registration will be done this year with two nights of sign-ups. These will be held in the commons of the Middle School on Tuesday, May 9<sup>th</sup> and Wednesday, May 10<sup>th</sup> from 6:00 – 8:00 P.M. There is a registration worksheet (this is not a registration form) on the last page of the Summer School Booklet. Student numbers in classes will be limited and a class will fill on a first come, first serve basis. *The grade requirement for registration is for the grade just completed.* If your child is transported by bus, or if you wish them to attend all four hours of the day and it doesn't appear that a class is offered in their age category, special arrangements may be made.**

The beginning grid in the booklet, listing all classes, may be helpful in filling out your worksheet. All classes are listed by weeks offered and the number following the class gives the page number where the class information may be found in the booklet. Please look for age appropriate classes.

Registration for Day Camp (Grades JK-3) must be done through the respective teachers listed below and space is limited. The Summer Reading Program (AR), Summer Math (AM), and M.S.
