

Infinite Campus is the student information software used by Somerset School District.

After a student is registered, parents/guardians receive an activation code via mail or email that enables first-time access into the Infinite Campus Parent Portal. Families are encouraged to review contact information and notification settings to ensure receipt of communication from Somerset School District.

Families may contact the student's building secretary with any problems accessing the Infinite Campus Parent Portal.

Elementary School—715-247-3311

Middle School—715-247-4400

High School—715-247-3355

What is Infinite Campus?

Sign up for access to the Parent Portal
