

## Somerset School District Transportation Service

### Accommodations

Setting some limitations regarding transportation enables us to minimize disruption to the routes, ensure your child's safety, and allows Safe-Way Bus Company to be accountable for the whereabouts of students at all times.

- ◆ A student may have a different stop location in the afternoon than in the morning.
- ◆ Up to two stop locations can be requested to accommodate split family and/or daycare arrangements.
- ◆ Up to two stop locations each week (i.e., home three days a week and daycare two days a week) - please provide a calendar.
- ◆ Transportation to/from in-district daycare locations, if eligible.
- ◆ **A bus rider may NOT bring home other students for playdates, sleepovers, birthday parties, etc.**
- ◆ Large items are not to be transported on the bus. Buses cannot accommodate items such as sleds, golf clubs, skis, large band equipment, etc.

### Schedule Changes

All standard transportation changes are requested through the use of our online registration form. Michelle will notify the school(s) and the bus company of schedule changes. Please watch your email and/or Infinite Campus for confirmation of your change request.

- ◇ Please allow three days for a permanent change (*going to daycare for the remainder of the year*).
- ◇ Please allow two days for a temporary change (*going to grandparents' house while parents are out of town*).
- ◇ ***If there is an emergency situation or need for a short-notice transportation change, please contact the student's building principal for consideration.***

### Note

Bus routes and stop times can fluctuate due to route enhancements, especially at the beginning of the school year, as well as road conditions/construction. We suggest that families allow a window of time 10 minutes prior to and 10 minutes after the scheduled stop time to accommodate for unexpected fluctuations in the route.
